Innovative Design Course: City by Design

Urban Design Course: City by Design - Courses in Sydney, open to everyone. 251} Why do Sydneysiders and most Australians laud the beauties of New York and Europeans cities and pan the cities they live in both Capital Coastal and Regional cities? There is universal acceptance of natural beauty of Australia's cities and surrounding areas, but we cannot seem to get it right when it comes to making great looking and feeling places. This urban design course is constructed to look at the...

HOW TO PREP YOUR GARDEN FOR Spring Planting

SELECT A SITE

☀️ **Receive at least six hours of direct sunlight every day**

💧 **Near a water source**

🛡️ **Protected from intense winds**

💧 **Soil adequately drains**

📏 **Fairly level**

CONDUCT BASIC MAINTENANCE AND CLEANUP

About a month before planting, clean up your garden area and tools so everything is ready to go as soon as it's time to start working the soil.

START SEEDS INDOORS

Then transplant the small plants into the garden when they're ready to thrive.

START WORKING THE SOIL

Once the soil is dry enough, you can start to break it up and add compost.

AMEND THE SOIL

Add whatever you need to in order to create a nutrient-rich environment for plants, including:

CREATE A PLANTING CALENDAR

Check your seed packet instructions to determine when you should plant crops based on your USDA Hardiness Zone.

DIFFERENT VESSELS TO START Seeds Indoors

REUSE HOUSEHOLD ITEMS TO START SEEDS INDOORS
