

Bachelor of Veterinary Science

(6632121)

For the Bachelor of Veterinary Science (Honours) (BVSc(Hons)), students must complete a total of 80 units comprising —

- (a) 78 units of core courses; and
- (b) 2 units of program elective courses.

Unless approved by the associate dean (academic), students —

- cannot enrol in the subsequent year's courses until they have successfully completed all courses in the preceding year; and
- must enrol as a full-time student and undertake the program without interruption.

Students must complete additional requirements, including vacation practical work, as set by the associate dean (academic).

Core Courses

Year 1 compulsory courses

Complete these 16 units —

Course Code	Units	Course Title
AGRC1041	2	Cell & Tissue Biology for Agriculture & Veterinary Science
BIOC1011	2	Molecular Basis of Life
VETS1003	2	Digestion, Metabolism & Nutrition
VETS1018	2	Veterinary Professional Foundations
VETS1021	2	Functional Anatomy of Locomotion & the Integument
VETS1025	4	Animal Management for Veterinarians LI
VETS1060	2	Animal & Veterinary Biology

Year 2 compulsory courses

Complete these 16 units —

Course Code	Units	Course Title
ANIM2501	2	Applied Animal Nutrition & Grazing Management
ANIM2503	2	Animal Breeding & Molecular Genetics
VETS2006	2	Principles of Disease I
VETS2007	2	Principles of Disease II
VETS2008	2	Veterinary Reproduction
VETS2011	4	Structure & Function I
VETS2012	2	Structure & Function II

Year 3 compulsory courses

Complete these 16 units —

Course Code	Units	Course Title
VETS3010	4	Infectious Diseases LI

Course Code	Units	Course Title
VETS3024	2	Veterinary Professional Contexts [1]
VETS3050	2	Veterinary Pharmacology, Therapeutics & Toxicology [1]
VETS3060	4	Veterinary Systems Pathology & Medicine [1]
VETS3070	4	Veterinary Clinical Principles [1]

Year 4 compulsory courses

Complete these 16 units —

Course Code	Units	Course Title
VETS4010	6	Companion Animal Clinical Studies [1]
VETS4022	2	Equine Clinical Studies [1]
VETS4034	2	Theriogenology: Clinical Reproduction, Obstetrics & Neonatology [1]
VETS4035	2	Ruminant Medicine & Surgery [1]
VETS4040	4	Veterinary Population Medicine [1]

Year 5 compulsory courses

Complete these 14 units —

Course Code	Units	Course Title
VETS5015	2	Equine Clinics [1]
VETS5020	2	Veterinary Diagnostic Pathology & State Medicine [1]
VETS5024	2	Rural Veterinary Practice - Livestock Medicine [1]
VETS5028	2	Veterinary Anaesthesia, Diagnostic Imaging & Emergency & Critical Care [1]
VETS5029	2	Veterinary Professional Practice [1]
VETS5030	4	Small Animal Clinics [1]

Program Elective Courses

Year 5 program elective courses

Choose 2 units from —

Course Code	Units	Course Title
VETS5016	2	Clinical Veterinary Elective [1]
VETS5017	2	Research Veterinary Elective [1]
