

## PART 1 ACADEMIC STUDY AND ASSESSMENT

IQY Technical College designed the online learning portal which includes Videos/ Study Notes/ Textbooks and assignments.

The students will need to submit monthly test/ assignments to complete the subject.

There are 24 units to be completed over 24 months

The learning support sites are

Professional Diploma in Electrical Engineering

[www.iqytechnicalcollege.com/profdipelectengg.htm](http://www.iqytechnicalcollege.com/profdipelectengg.htm)

Professional Diploma in Engineering (Year 3)

[www.iqytechnicalcollege.com/profdipengg.htm](http://www.iqytechnicalcollege.com/profdipengg.htm)

[www.iqytechnicalcollege.com/profdipenggmod.htm](http://www.iqytechnicalcollege.com/profdipenggmod.htm)

Assessment Exam Question

**Form 55 Professional Diploma in Electrical Engineering Tests**

<http://www.iqytechnicalcollege.com/BE-Electrical Tests All.zip>

IQY Technical College keeps record of Assessment Work Evidence of all students

The study is genuine

## Part 2 Background of IQY Technical College

IQY Technical College is based in Myanmar.

The website/ address are in the following link

[www.iqytechnicalcollege.com](http://www.iqytechnicalcollege.com)

IQY Technical College is Authorized Training Centre of Singapore Institute of Engineering Technologists

The documents related to connection between IQY Technical College and the features of Singapore Institute of Engineering Technologists can be found in the following link

<http://www.iqytechnicalcollege.com/sietatc.htm>

The Singapore Institute of Engineering Technologists (SIET) being the Professional Body for Engineering Technologists is a multi-disciplined learned establishment registered in Singapore since 1980 under the Societies Act [Singapore Government Gazette Notification No: 3310].

[www.iqytechnicalcollege.com/IQYSIETRecognition.pdf](http://www.iqytechnicalcollege.com/IQYSIETRecognition.pdf)

Although IQY Technical College is based in Myanmar , Myanmar does not have the law to register Tertiary Education Colleges and Universities.

The private tertiary education colleges and universities are working with overseas Professional Associations or Universities to offer the diplomas and degrees.

IQY Technical College works with Singapore Institute of Engineering Technologists since 2014.

Just in 2020, IQY Technical College makes Business Registration with Australian Investment od Security Commission

### Evidences

<http://www.iqytechnicalcollege.com/IQY%20Registration.pdf>

<http://www.iqytechnicalcollege.com/IQY%20ASIC%20Certificate%20Page%201.pdf>

IQY Professional Diploma in Engineering is designed as equivalent to 4 Years BE degree. Due to ASEAN Education and Recognition framework under the supervision of Singapore Institute of Engineering Technologists, IQY Technical College does not confer BE degree instead, it confers Professional Diploma which is equivalent to BE degree.

<http://www.highlightcomputer.com/AER.pdf>

In the above Document, SIET-Singapore Institute of Engineering Technologists can nominate ASEAN Engineering Registration.

AS IQY Technical College courses are accredited by Singapore Institute of Engineering Technologists,

They are accredited.

### Evidence

<http://www.iqytechnicalcollege.com/Certificate%20of%20Recognition-IQY-PDipE-2020.pdf>

<http://www.highlightcomputer.com/SIETATC.pdf>

(First MOU)

IQY Technical College has Qualification Framework

<http://www.highlightcomputer.com/iqyqualificationsframework.pdf>

Curriculum

<http://www.highlightcomputer.com/BECurriculum.pdf>

Academic Objectives

<http://www.highlightcomputer.com/objectives.htm>

Academic Objectives of Professional Diploma

<http://www.highlightcomputer.com/objectives.htm#c>

### Part 3 Main Academics of IQY Technical College

<http://www.iqytechnicalcollege.com/Staff.htm>

IQY Technical College is led by Dr Kyaw Naing who was former Lecturer of Fiji Institute of Technology 1990 to 1996

Dr Kyaw Naing is also President of The Institution of Professional Engineers Myanmar which is Member of International Federation of Engineering Education Societies -IFEES USA

The Institution of Professional Engineers Myanmar NSW Australia Chapter is registered in NSW Government of Australia as Professional Association

Dr Kyaw Naing

<http://www.ifees.net/kyaw-naing/>

According to above facts

IQY Technical College is

- Legally registered
- Sound Academic
- Legally offering tertiary education course
- International Accreditation and Recognition
- Managed and taught by suitably qualified academics

[Part 4 Linking between IQY Technical College & STC Technological University, Former St Clements Technological University](#)

Actually, St Clements Technological University and IQY Technical College are academically related.

- IQY Technical College provide the teaching, curriculum and assessment. The curriculum materials are accredited by Singapore Institute of Engineering Technologists in ASEAN Engineering Education Framework.
- IQY Technical College teaches BE level studies but it does not confer BE degree
- St Clements Technological University confers BE degree to all graduates of IQY Technical College who complete 4 Years Professional Diploma in Engineering. All are conferred as Scholarship. Only Administrative fees (Small amount was charged)

Background of STC Technological University

<https://www.stclementstu.com/>

From the website, the extractions are as follows

STC Technological University is a technological university which awards Master and Doctoral degrees in Applied Science, Applied Arts, Engineering and Education as well as providing the scholarships to the needy students of the developing countries.

It is a non profit international organization.

It only awards the degrees to the experienced researchers and the students who are awarded the scholarships. It does not offer any degree for commercial purpose.

STC Technological University academic council composes of academics from British West Indies & British Commonwealth Countries who nominate the candidates of research background to be awarded Masters & Doctoral degrees based on their practical research experiences & published works.

STC Technological University academic council also awards the scholarship Bachelor degrees in Engineering, Applied Science , Information Technology , Business Administration and Business Management through the affiliated colleges and schools led by International Academic Councillors.

For scholarship application & degree verification--Contact - [stclementstu@gmail.com](mailto:stclementstu@gmail.com)

Or

Apply through the affiliated schools & colleges

Approval of the scholarship will depend on consultation of the International Academic Councillor responsible for a particular country & e-mail interview with the applicant.

Only the successful candidates will be contacted by e-mail. The university has the right to make no contact to unsuccessful applicants.

**International Councillors , Affiliated Organizations & awarded doctorate degree holders**

Please contact [stclementstu@gmail.com](mailto:stclementstu@gmail.com)

STC University is an International Non Government Organisation established to provide the education needs of poor students in developing countries and it has the base in British West Indies Islands but it does not register with any government and does not operate as a profit organisation.

It assists the students by providing the education through the Government Registered Schools, Colleges worldwide but it does not issue any degree by charging any cost.

For this reason, it is not our business to take the concern on accreditation, diploma mills, government recognition, any issues raised by any government accreditation authorities , any government education departments, any governmental education laws and accreditation as well as any of degree mills issues.

STC Technological University wants the students to read our website and contact us only if they have satisfied with our information as neither STC Technological University nor our partners and affiliated educational institutions will answer the questions related to above issues because we are operating as EDUCATION REVOLUTIONISTS to equalise the education among riches and poors, First World and Third World.

We confer appropriate awards to academics who join our Worldwide Education Revolution by contributing appropriate academic research, operation , courses, training and resource developments.

#### ADDITIONAL INFORMATION

STC Technological University means St Kitts, Turk and Caicos Islands Technological University, operating as an International Educational Non Government Organisation since 2011 to assist the education needs especially in engineering which is essential to develop the communities of the students in West Indies, Caribbean , Africa, India, Pakistan, Myanmar and other developing countries.

As the main educational revolutionist activists founding members are engineering teachers from St Kitts, Turk and Caicos Islands who migrated there several years ago, we choose the name STC (St Kitts, Turk and Caicos).

Current CEO is Dr Peter Prasad originally from India.

Now STC Technological University has organised several colleges and schools which are either government registered or recognised by their regional professional organisations,

Based on the original awards, we provides the testimony in academic terms in accordance with MOUs.

Our network of affiliated colleges and schools include those in British West Indies, Africa, Asia, Middle East ,South Pacific and Latin America where there have been the most inequalities in education..

S TC Technological University Engineering Faculty is closely working with IQY Technical College Myanmar to deliver the engineering, engineering management and ICT engineering degree courses accredited by The Institution of Professional Engineers, Myanmar.

As we are educational revolutionist activists , if the instruments of the institutions which have done the most inequalities in education use the international media as the tool to undermine our efforts, we will also follow the same ways as utilized by them with the helps of our member activists worldwide.

From the above facts

1. STC University is an International Non Government Organisation established to provide the education needs of poor students in developing countries and it has the base in British West Indies Islands but it does not register with any government and does not operate as a profit organisation.-----IT IS EDUCATION NGO
2. It works with IQY Technical College

## Accreditation

How the accreditation system works.

1. Accreditation is usually provided by Independent Professional Associations such as UK Engineering Council, Engineers Australia.
2. The Associations which provide the accreditation must be Government Registered Incorporated Associations or well known International Professional Associations.

According to the information by The Society of Professional Engineers International (Former Society of Professional Engineers UK), STC Technological University is accredited by The Society of Professional Engineers International.

At the bottom of <http://www.thespeukinternational.org/>

### **STC Technological University (Academic and Educational Branch)**

Furthermore, STC Technological University is accredited by The Institution of Professional Engineers Myanmar NSW Australia Chapter

<http://www.ipemyanmar.org/ipemaccreditation.htm>

<http://www.highlightcomputer.com/ipemaccreditedcolleges.htm>

AND Accreditation Documents

<http://www.highlightcomputer.com/ipemaccreditation.htm>

From the above facts

- To my knowledge, as we are working as International Education System, we focus on real knowledge and skills of the candidate.
- Although Governmental Registration is made on an educational Institution or not, if the institution is not degree mills and its objectives are fair to the students, IQY Technical College has the right to co-operate with it.
- STC Technological University is International NGO
- It was accredited by The Society of Professional Engineers International.
- The Institution of Professional Engineers Myanmar also accredited it.
- STC Technological University has already launched its website [www.stclementstu.com](http://www.stclementstu.com) since the time of 2013 when IQY Technical College co-operate with it.

- It can be easily searchable by Google Search
- Although there will be arguments that the degree can only be awarded by the Institutions formally registered with the Government. For international issues, not all qualifications are formally accepted by all countries of the World.
- It will be up to the employer to recognize or accept it
- But in legal issue, if the candidate genuinely pursues the studies and the award is based on actual effort of the candidate and assessment, it is not illegal practice.
