IPEM Employment Qualifications Board (IPEMEQB) is established to provide the qualification information references for the jobs advertised in the following employment groups managed by The Institution of Professional Engineers Myanmar and Myanmar Vocational Training Collaboration.

Institution of Professional Engineers Myanmar နှင့် Myanmar Vocational Training Cooperation မှစီမံခန့်ခွဲသည့်

အောက်ဖော်ပြပါအလုပ်အကိုင်အုပ်စုများတွင်ကြော်ငြာထားသောအလုပ်အကိုင်များအတွက်အရည်အချင်းအချက်အလက်များကိုရည်ညွှန်းကိုးကားရန်

IPEM Employment Qualifications Board (IPEMEQB) ကိုထူထောင်သည်။

Recognition Policy of The Institution of Professional Engineers Myanmar and its network group of employers regarding Myanmar and International Qualifications

The qualification authorities and professional associations of the different countries in the world have set up their own policies to align with the governmental regulations, to provide the professional qualifications needs of the country and to safeguard the professionalism in the country etc.

The recognition policies related to overseas qualifications of the qualification authorities and professional associations of the different countries depend on the policies set up by the executive governors of those institutions.

The Institution of Professional Engineers Myanmar, The Institution of Professional Executives Myanmar and it's networked group of employers in Myanmar have also set up the following policy to recognize the international qualifications for awarding the advanced standing in the courses of studies and employment purposes.

Those policies are applied in the following employments groups administered by the Institution of Professional Engineers Myanmar.

- Recognition of the qualifications awarded in the Republic of the Union of Myanmar.
- Recognition of the international qualifications held by the citizen of Myanmar and foreign citizens of Myanmar origin at the same level of the qualifications status.
- Recognition of the qualifications awarded in any countries where the professionals and tradespersons including Myanmar citizens and foreign citizens of Myanmar origin do not face the restrictions to utilize their qualifications obtained in Myanmar including the qualifications awarded by IQY Technical College of Highlight Computer Group & it's affiliated educational institutions at the same level of the qualifications status.
- No recognition of the qualifications awarded in any countries where their qualification authorities and professional associations' policies of overseas skills recognition do not include

the qualifications awarded in Myanmar at the same level of the qualifications status or reciprocal recognition of their qualifications at the same level of the qualifications status which is regarded by them on Myanmar Qualifications including those awarded by IQY Technical College of Highlight Computer Group & it's affiliated educational institutions (IPEM Technological University).

- 1. For example, if a qualification authority of an overseas country assesses Myanmar Bachelors degree at the standard equivalent to the bachelors degree awarded by their educational institution, we will also recognize their bachelors degree at the standard equivalent to the bachelors degree awarded in Myanmar.
- 2. If a qualification authority of an overseas country assesses Myanmar trade qualification at the standard equivalent to the trade qualification issued by their educational institution, we will also recognize their trade qualification at the standard equivalent to the trade qualification issued in Myanmar.
- 3. If a qualification authority of an overseas country assesses Myanmar Bachelors degree at the standard equivalent to the diploma awarded by their educational institution, we will also recognize their bachelors degree at the standard equivalent to the diploma awarded in Myanmar.
- 4. If a qualification authority of an overseas country does not recognize Myanmar trade qualification at the standard equivalent to their trade qualification issued by their educational

institution, we will also not recognize their trade qualification at the standard equivalent to the trade qualification issued in Myanmar and the employers of the networked group of employers in Myanmar should not consider such qualifications to be utilized in their workplaces.

• Recognition of the international qualifications not only needs maintaining the qualifications at international standard but also needs to safeguard the professionalism in Myanmar & to promote the reciprocal recognition and harmony among Myanmar nationals & the nationals of the foreign countries to enhance the work rights at the appropriate types of jobs where Myanmar nationals can utilize their skills & qualifications. It is one method of self protection strategy to protect the work rights of the citizens and nationals.
