[IQY Career Flow and Entry Table](#)

[IQY Courses and Award Systems and Recognition](#)

This table shows only Technical, Vocational, Engineering, Information Technology and Management studies.

All IQY Diploma programs require Year 12 or equivalent educational qualifications.

The students will need to do Year 9 to 12 studies in General Education before attending IQY Diploma Programs at Year 1

<http://www.highlightcomputer.com/y712lessons.htm>

In some cases , the relevant General Education programs can be concurrently undertaken together with IQY Diploma Programs so that **Certificate in Tertiary Preparation (Year 11+12)** can be embedded and the mode of the studies will be based on the needs of individual students. Generally after Year 12, Diploma(Year1),Advanced Diploma (Year 2) and Bachelors Degree (Year 3 and 4) in line with international standards.

According to Myanmar Education system, to complete BE degree, including Year 11+12, total 6 Years will need to be spent to study by the students with Year 10 Qualifications.

The students of all IQY Advanced Diploma in Engineering (Electrical, Mechanical,Civil), Information Technology and Management Courses have also completed the following Skills Training Subjects (GE-General Engineering, IE-Intermediate Engineering) which are mapped to Australian Training Packages

IQY Advanced Diploma	Skills Training Subjects
Electrical Engineering	Advanced Diploma in Electrical Engineering Skills Training (GE+IE) Units Link
Civil Engineering	Advanced Diploma in Civil Engineering Skills Training (GE+IE) Units Link
Mechanical Engineering	Advanced Diploma in Mechanical Engineering Skills Training (GE+IE) Units Link

For all other courses, specific advice will be provided individually.

-------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Why Study BA English?

Each student admitted into the BA English program has their own personal goals and reasons to pursue the program. Some of the reasons why this program should be considered are stated below.

- Multiple career opportunities: One of the major benefits of studying BA in English is the diverse career opportunities that are available. Students can choose to work or study in their line of study or in a completely different field. Graduates from this program are in demand, especially in media and publishing houses, in both the private and government sectors

What is BA English?

The program aims to introduce a wide range of Literatures in English. In the primary phase, Bachelor of Arts course has the aim to offer the opportunity for students to be able to respond and read novels of the large spectrum, play and create poetry with associated genres. At a secondary level, the students will be exposed to wider socio-cultural and political issues in relation to contemporary English. This program in English will be serving as an excellent foundation for students who want to do a very deep study.

The B.A. English course provides a strong background in the study of English. This particular program stresses upon:

- Diversity
- Literary Analysis
- Written and oral communication skills
- Critical thinking

through a rigorous curriculum of literature, composition, language and linguistics, and communication studies. Students interested in creative writing may choose this profession.
