DRESSMAKING: THE COMPLETE STEP-BY-STEP GUIDE TO MAKING YOUR OWN CLOTHES BY ALISON SMITH PDF

Perfect for anyone interested in sewing — whether it's updating an old top or creating an A-line skirt from scratch — Dressmaking covers everything one needs to know to make, alter, and customize clothes.

Sewers will discover what supplies to buy and how to use them, the best fabrics to choose based on drape and weave, how to understand patterns and alter them, and the essential general techniques to master — plus patterns and detailed step-by-step instructions are provided for a skirt, dress, shirt, tee, jacket, and pair of pants — including suggested variations!

Finishing up with tips and inspiration on alterations, repairs, and customizing any clothes, from dealing with holes and tears to lengthening and shortening sleeves, this handy guide is the dressmaking bible no budding seamstress should be without.

Great book for beginners & advanced sewers!!!

By Amazon Customer

I just got this book a few days ago and I love it. I have been sewing for years, but I still like to read new sewing books for new techniques. I like how this book breaks down the how to's of sewing. The photos are clear and easy to understand at any sewing level. I recommend this book to anyone who likes visual aids to help their understanding of sewing techniques.

Happy Customer!

By Kathy

I just received this book and was sooo excited to finally get it. It has very detailed pictures and patterns in the back to enlarge and copy. However... I was hoping it would show how to make your OWN patterns. It shows how to make your own clothes as the book states and how to adjust ready made patterns. I am happy I bought it though, it has a lot of very good information.

I would recommend this book to anyone who is just starting to sew or someone who is looking to learn more.

Best book hands down for beginners!!

By April A.

I purchased quite a few sewing books at the same time here on amazon they were all pretty good but this one was by far the most explanatory one and easiest to understand. Just about anything I needed to look up was listed in here. Whether it be shorting or lengthing any part of a pattern or altering it to my specific measurements. It had good photography and was written to be easy to understand, it didn't assume I knew all the sewing terms and slang. I will use this book over and over.
